

# March 14, 2020 Letter from Cray Regarding Continuity of Education and Student Instruction

March 14, 2020

Good Afternoon Students and Parents,

Beginning tomorrow the Cray Education Center and Cray Challenges Alternative School will provide planned instruction through distance learning. Teachers will be pushing out lessons on Tuesday March 17<sup>th</sup>. We are scheduled off on Monday March 16<sup>th</sup>. Moving forward, teachers will push out lesson plans every other week, now and through the closure, however long that may be. We will be prepared to be out the rest of the year if that becomes a reality. Students are expected to login daily, complete assigned work received in packets, communicate with teachers, and submit work. Obviously, this is new for everyone. Please work with our teachers as we walk through this together. Teachers and counselors will be making contact daily.

Questions should be directed to the classroom teachers about classroom delivery methods, assignments, grading, and student expectations. Teachers have shared their contact information with all families. All other inquiries should be directed to the building principal.

Thank you in advance for your support, flexibility and patience as we roll out our plan for online learning. We understand that the family dynamic is different in each household. It is important that we support each other through these unprecedented times.

Please take care of yourself and your family. I will provide updates as they become available.

Earl Edwards  
Principal/Director
